

JARVIS RESTORATION

SAFETY PROTOCOL

DURING THIS CORONAVIRUS PANDEMIC, WE HAVE IMPLEMENTED THE TOP SAFETY PROTOCOLS IN THE INDUSTRY. ALL JARVIS RESTORATION EMPLOYEES HAVE BEEN TRAINED TO ADHERE TO THE FOLLOWING PROTOCOLS TO BEST PROTECT OUR COMMUNITY.

- Take temperature before entering any jobsite
- Social distancing and maintaining a minimum distance of 6ft from customers
- Wear disposable gloves and booties and apply disinfectant throughout the job
- Put plastic down in the main areas and remove every day
- Apply disinfectant to hard surfaces and floors
- Apply disinfectant to all equipment before and after each job
- Apply disinfectant to the van's cab throughout the day
- Use N95 masks
- Take pictures of all Jarvis employees with safety gear (masks, gloves and booties) at each jobsite. Include photos of your temperature at each job
- Air scrubbers should be placed at each job and filters should be changed upon completion

WE ARE TAKING EVERY EFFORT TO ENSURE WE HAVE ALL NECESSARY SAFETY EQUIPMENT FOR EACH JOB

WE ARE CONSTANTLY MONITORING THE BEST PRACTICES RECOMMENDED BY LOCAL HEALTH AGENCIES
WE WILL CONTINUE TO SHARE ALL UPDATED SAFETY INFORMATION WITH YOU
THE HEALTH AND SAFETY OF OUR CUSTOMERS AND TEAM IS OF PARAMOUNT IMPORTANCE
